ABSTRACT

This document presents, in tabular form, results for the Wisconsin Knowledge and Concepts examinations for grade 10, spring 2001 (the 2000-2001 school year). Results are presented for the state's total tenth grade population eligible to be tested and for each school district and school in Wisconsin. Test results are reported for reading, language arts, mathematics, science, and social studies. The numbers of students eligible to be tested, the numbers not tested, and the percentage of students at each proficiency level (prerequisite skills/English, minimal, basic, proficient, and advanced) are reported. Also reported are the numbers of students considered economically disadvantaged or not economically disadvantaged, the numbers of students with disabilities, and the numbers of students of limited English proficiency. The reports in this series were designed to provide information to improve student achievement and for accountability purposes, but they were not designed for the purpose of ranking schools or districts. NOTE

The Wisconsin Knowledge and Concepts Examinations (WKCE) reports were designed to provide information to improve student achievement and for accountability purposes. The tests were not designed for the purpose of ranking schools or districts. The socioeconomic and other characteristics of student groups tested vary substantially between schools, affecting the nature of the educational challenge at each school. Comparisons between schools with fewer than 25 students should be made with caution even when student groups are believed to be comparable.

The Department of Public Instruction does not discriminate on the basis of sex, race, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability.

Footnotes for Data Tables

1 **Eligible to be Tested WKCE.** All students are eligible to take Wisconsin Knowledge and Concepts Examinations (WKCE) tests except students who are formally excluded from WKCE tests or who are excused by their parents. Students with disabilities and students with limited English proficiency are typically eligible to take WKCE tests with accommodations, as needed. Students who may be excluded from one or more WKCE tests include (1) students with more severe disabilities who are not able to demonstrate at least some of the knowledge and skills on the WKCE test and (2) students whose first language is not English and whose cognitive academic English skills are at a beginning level. Students excluded from WKCE take WSAS Alternate Assessments and are included in the "Pre-Requisite Skill/English" proficiency category.

2 **Number Included in %.** In reporting district level results by disability, economic, or English proficiency status, "Number Included in %" may in some cases be different from the "Number Enrolled in Grade." Care was taken to avoid direct or indirect disclosure of test results for small groups of students in order to protect their privacy.

3 **Nat'l Percentile Rank.** It is the percentage of students tested in a nationwide sample who obtained scores equal to or lower than a given average score for a district or school. Numbers in this column are based on average score for a district or school. Numbers in this column are based on average scores of students tested. Students not tested are not considered in computing this rank because they have no scores. "% Not Tested on WKCE" should be considered in making interpretations involving national percentile ranks for schools and districts.

4 **Nationwide Sample.** Percents for the nationwide sample (fall 1996) are based on the number of students tested on the standardized test (WKCE). The numbers of students "Not Assessed . . ." or in the "Pre-Requisite Skills/English" category are unavailable for the nationwide sample.

"*" To protect student privacy, results are not reported in every row.

WSAS Proficiency Categories

Students in grades 4, 8, and 10 participate in the Wisconsin Student Assessment System (WSAS) by taking WKCE tests or WSAS Alternate Assessments. WSAS results are reported in terms of five proficiency categories.

Pre-Requisite Skills/English: WSAS Alternate Assessment. Achievement below the range tested by WKCE **OR** beginning level cognitive academic English skills.
Minimal Performance: WKCE. Limited achievement in the academic knowledge and skills tested.
Basic: WKCE. Somewhat competent in the academic knowledge and skills tested.
Proficient: WKCE. Competent in the important academic knowledge and skills tested.
Advanced: WKCE. Distinguished achievement. In-depth understanding of academic knowledge and skills tested.

Availability of Additional Achievement Data by Student Group

The complete version of the district and school proficiency summary reports is available for viewing or downloading from our website. Results are summarized by gender, race/ethnicity, and migrant status in addition to the information about the achievement of student groups provided in this report.
